From: Dana Vance Subject: Re: Kickoff scheduling -- Thanks for the intro call yesterday; the team is excited to get the project moving and we will send over the revised timeline shortly.

From: Dana Vance Subject: Re: Section 4.2 / Acme work order -- Just to keep you in the loop, we already handed the integration work off to Acme Labs last week so we could hit the deadline. I know we never got the formal sign-off from your side, but it was faster to just get them started. They're fully up and running now.

From: Dana Vance Subject: Re: Invoice #2231 / payment -- Heads up on Invoice #2231, cash flow is tight this quarter, so we're going to pay this one on a Net-60 basis instead. We didn't sign anything to change the terms, but 60 days is just how it has to be for now.
